California State University, San Bernardino

Did You Know???

Brought to you by The Foundation Human Resources Department

There are laws governing payment of final wages?

- All earned wages are due and payable immediately upon an employee's involuntary termination?
- If an employee voluntarily resigns with 72 hours or more notice, all earned wages are due and payable on their last day worked?
- If an employee voluntarily resigns with less than 72 hours notice, all earned wages are due and payable not later than 72 hours after notice was given?
- "Voluntary" refers only to resignations. "Involuntary" refers to all other forms of separations.

*Please be sure to notify the Human Resources Department **immediately** upon notice of all separations to ensure proper payment of wages earned.*

Questions? Please call Foundation Human Resources at extension 77589.
